Notes:

- 1 A Board-approved calculator is one that appears on the Board's 2005 HSC list of approved scientific calculators. This list can be found at: http://www.boardofstudies.nsw.edu.au/manuals/calculators_hsc05.html
- 2 In the General Mathematics HSC examination students are permitted to use calculators, including graphics calculators, that are silent, hand-held, and either battery or solar powered. Calculators that are capable of communicating or exchanging data may be taken into the examination room, but are not to be used for this purpose in the examination. A calculating device that incorporates a set of keys whose primary function is to represent the alphabetic characters (eg a QWERTY keyboard) is not deemed to be a calculator for the purpose of the examination/test, and will not be allowed. Calculators to be used by students in the examination/test must have been switched off and have had all storage facilities cleared for entry into the examination room. For information on clearance of storage facilities please refer to http://www.boardofstudies.nsw.edu.au/manuals/calculators_hsc_gen_maths.html
- 3 Students may take into any Mathematics examination a curve-drawing template, provided such templates contain no printed formulae other than equations of simple curves (such as $y=x^2$) that may be drawn using the template.
